Hi, I'm not supposed to break radio silence, but in the matter of the beneficiaries not getting insulin pen needle since past 6 months, I am giving a suggestion in public interest. 1) Entertain your legal right to ask medical officers (MO) to formally issue (a) needle, (b) spirit, and (c) cotton in your computer printed prescription every month; 2) having NA in r/o

response in the issue please. 10:12

> Nk Gopal Chakraborty
> Hi, I'm not supposed to break r...

Nicely stated. I will follow the same from my next visit. However I will rather prefer to go through LP by ECHS only as during my three years of retired experience I find very difficult to get the bill honoured. I have to forget a very large amount during the process.
Attention of OIC is requested to find a way to manage LP in advance accordingly. 10:1
